प्रिय पाठकों,

सीईसी में हम देशभर के श्रेष्ठ विशेषज्ञों के साथ मिलकर शिक्षार्थियों के लिए उच्च गुणवत्तापूर्ण शैक्षिक सामग्री का निर्माण करते हैं। डिजिटल शिक्षा के अग्रणी संस्थान के रूप में, हमारी पाठ्य-सामग्री नियमित रूप से अद्यतन की जाती है, तथा बहुविषयक पाठ्यक्रमों की विस्तृत शृंखला शिक्षार्थियों के सर्वांगीण विकास एवं कौशल उन्नयन हेतु उपलब्ध है। हमारे मैसिव ओपन ऑनलाइन पाठ्यक्रम (मूक्स) विषय विशेषज्ञों द्वारा तैयार किए जाते हैं, जो स्नातक, स्नातकोत्तर तथा अपने व्यावसायिक उन्नति में अतिरिक्त योग्यता जोड़ने के इच्छुक सभी शिक्षार्थियों हेतु उपयोगी हैं।

देश में डिजिटल शिक्षा प्रोत्साहन में सीईसी की महत्वपूर्ण भूमिका रही है। कौशल-आधारित व्यावसायिक शिक्षा प्रदान करने हेतु सीईसी- जनसंचार एवं वीडियो निर्माण, वित्तीय लेखांकन, इंटीरियर डिजाइन, विज्ञापन, कम्प्यूटर एवं नेटवर्किंग आदि विविध विषयों में मैसिव ओपन ऑनलाइन पाठ्यक्रम (मूक्स) प्रदान करता है। स्वयं मूक्स के राष्ट्रीय समन्वयक के रूप में, सीईसी को जनवरी–जुलाई, 2026 सत्र में मूक्स पाठ्यक्रम हेतु नामांकन आरंभ होने की घोषणा करते हुए हर्ष हो रहा है। सीईसी द्वारा प्रस्तुत सभी पाठ्यक्रम विश्वविद्यालय अनुदान आयोग (यूजीसी) के स्नातक एवं स्नातकोत्तर पाठ्यक्रमों की रुपरेखा के अनुरूप विकसित किए गए हैं। मूक्स पाठ्यक्रम पंजीकरण से संबंधित समस्त विस्तृत जानकारी सीईसी न्यूजलैटर के इस अंक में उपलब्ध है।

हम शिक्षार्थियों को प्रोत्साहित करते हैं कि वे हमारे बहुविषयक मूक्स पाठ्यक्रम में पंजीकृत कर अपने व्यावसायिक कौशल एवं उन्नति को सुदृढ़ करें।

जय हिन्द!

निदेशक – सी.ई.सी.

Dear Readers,

At CEC, we work with the best minds across India to develop educational content for our learners. As a pioneer in Digital Education, our course content is regularly updated with a wide variety of multidisciplinary courses for holistic development and skill enhancement. Our Massive Open Online Courses are designed by the best in their fields to cater to learners from all walks of life, be it undergraduate students, postgraduate students or those looking to add extra certifications to their professional portfolio.

CEC's role in digital educational advancements in the country has been pivotal. To impart skill-based vocational learning, CEC provides Massive Open Online Courses (MOOCs) for various vocational courses like Mass Communication & Video Production, Financial Accounting, Interior Design, Advertising, Computer & Networking, etc., among others. Being the National Coordinator for SWAYAM MOOCs, CEC is happy to announce the opening of admissions to the JAN – JULY 2026 Semester for MOOCs. All the courses offered by CEC are developed per UGC's course curricula for undergraduate (UG) & postgraduate (PG) students. Details of the registration and other related information are provided in this issue of CEC News.

We encourage learners to enroll in our multidisciplinary MOOCs and enhance their professional portfolio.

Jai Hind!

Director, CEC

AI, CINEMA AND MOOCS: REDEFINING QUALITY EDUCATION ON SWAYAM

Majaz M. Siddiqi
Production Manager
AJKMCRC, Jamia Millia Islamia,
New Delhi, India

Dr. Sachin Bharti
Associate Professor
USMC GGSIPU
New Delhi, India

India's higher education landscape has undergone transformative changes due to digital technologies, innovative pedagogies, and the democratisation of knowledge. The Study Webs of Active Learning for Young Aspiring Minds (SWAYAM) initiative strives to make education inclusive, accessible, and affordable through Massive Open Online Courses (MOOCs). However, despite its reach, challenges persist around learner engagement, creativity, and long-term impact. Integrating Artificial Intelligence (AI) and cinematic storytelling into MOOCs offers a promising pathway. By combining AI's personalisation capabilities with cinema's immersive power, SWAYAM can move toward meaningful and transformative learning experiences. This article explores how AI and cinematic design can reshape learner engagement, pedagogical innovation, and institutional credibility in advancing quality education in India.

MOOCs and the Question of Quality

MOOCs such as SWAYAM aim to democratize education by extending resources from premier institutions to a wider population. Yet, completion rates remain low—typically around 10–15%—owing to passive design, cognitive overload, lack of authentic assessment, and minimal interaction. To address these issues, MOOCs must evolve beyond static lectures and PDFs toward adaptive, narrative-rich, and visually immersive formats. Integrating AI-driven personalisation with cinematic storytelling can transform MOOCs into engaging, learner-centred experiences.

The Role of AI in Reimagining MOOCs

AI redefines MOOCs by enabling scalable personalization and intelligent feedback mechanisms. On SWAYAM, AI can create adaptive learning pathways based on learner profiles—assessing prior knowledge, pace, and performance—to ensure timely access to remedial resources. Intelligent tutoring systems and AI chatbots can replace static discussion forums, offering instant, context-specific clarifications that boost confidence and reduce disengagement.

Through predictive learning analytics, AI can detect patterns of learner fatigue or dropout—such as skipped videos or missed assessments—and deliver

personalized nudges or motivational messages. Automated essay scoring, programming evaluations, and simulated oral assessments using Natural Language Processing (NLP) enhance both rigor and scalability. Moreover, AI contributes to inclusivity through real-time translations, subtitles, and assistive technologies for differently-abled learners, thereby aligning with SWAYAM's equity goals. Collectively, these tools make MOOCs more data-driven, human-centered, and accessible—a crucial step toward quality online learning.

Cinema as Pedagogy

Cinema, though often associated with entertainment, possesses profound pedagogical value when integrated into MOOCs. Unlike conventional lectures, cinematic storytelling uses narrative structure, emotion, and sensory engagement to sustain attention and comprehension. Abstract concepts can be contextualized through relatable dramatizations—such as illustrating economic principles through stories of rural entrepreneurship.

Techniques like montage, mise-en-scène, and perspective shots can visually map learning outcomes. A montage might depict cause-and-effect in social phenomena, while a change in perspective shot can cultivate empathy—central to critical thinking. Through these techniques, learners become active interpreters rather than passive viewers.

Cinema's interdisciplinary aesthetics—combining visuals, dialogue, sound, and rhythm—appeal to multiple learning styles. Emotional engagement rooted in media psychology strengthens memory retention by evoking curiosity and empathy. When applied to SWAYAM, cinematic pedagogy transforms courses into immersive intellectual journeys, echoing Paulo Freire's idea of "problem-posing education," which emphasizes dialogue and reflection over one-way instruction.

While cinematic elements heighten engagement, the primary focus remains on learning outcomes and critical thinking. The goal is not entertainment for its own sake but stimulating analytical reasoning—encouraging learners to evaluate arguments, decode visuals, and connect theory to practice. Thus, cinematic MOOCs should promote active cognition over passive viewing, ensuring that storytelling serves pedagogy.

AI–Cinema–MOOC Triad: A Hybrid Pedagogic Future

The convergence of AI and cinema creates a hybrid pedagogic model that blends personalization, immersion, and scalability. AI-generated cinematic simulations—such as 3D recreations of historical events or scientific environments—can enhance realism at lower costs. AI can curate personalized narrative pathways, allowing learners to experience tailored storylines aligned with their academic interests.

Affective computing enables emotion-aware learning systems that adjust pacing, tone, or supplementary resources based on real-time engagement cues. Interactive, cinema-based assessments can further merge storytelling with critical reasoning—students may analyse film segments on social issues, supported by AI-generated feedback.

Conceptually, the AI–Cinema–MOOC triad can be represented as a triangular framework: AI provides adaptability and personalization, cinema offers emotional and visual immersion, and MOOCs ensure scalability and inclusivity. Together, they establish a model of adaptive engagement, where emotional resonance, cognitive challenge, and individualized pacing converge to deepen understanding and retention.

Implications for SWAYAM

The integration of AI and cinematic pedagogy redefines SWAYAM as not merely a video repository but a global model of educational innovation from the Global South. By combining AI-driven personalization with cinematic engagement, SWAYAM can significantly improve learner retention and satisfaction. Faculty roles will evolve—from lecturers to narrative designers and mentors—necessitating capacity-building programs in digital storytelling and AI literacy. AI-powered translation, adaptive learning paths, and accessible visual formats can bridge linguistic and physical divides, ensuring equity and inclusion for rural and marginalized learners.

Furthermore, AI-based analytics can enhance quality assurance and accreditation, strengthening institutional credibility. Industry and universities may increasingly recognize SWAYAM certifications, enhancing employability and social impact. These developments align with India's broader vision of becoming a global leader in technology-enabled education.

Challenges and Ethical Considerations

Despite its potential, the hybridization of cinema, AI, and MOOCs faces several challenges. Producing cinematic-quality content demands financial resources, technical expertise, and institutional backing, raising questions about long-term sustainability. Developing open-source creative tools, shared repositories, and modular design templates can mitigate costs while maintaining quality.

AI-driven personalization introduces risks of algorithmic bias and data privacy concerns, potentially reinforcing stereotypes unless guided by strong ethical frameworks and transparency. Faculty apprehensions about displacement by AI tutors must be addressed through role redefinition—positioning AI as a tool for augmentation, not replacement.

India's digital divide remains a major barrier. Learners with limited connectivity or devices risk exclusion unless courses are made available in multiple resolutions and offline formats. Similarly, cultural sensitivity is crucial to prevent misrepresentation or over-dramatization in cinematic pedagogy; interdisciplinary consultation can ensure authenticity and respect for diversity.

Addressing these challenges through ethical design, inclusivity, and sustainability will ensure that the transformation of SWAYAM remains both responsible and future-ready.

Toward a Future Roadmap

A comprehensive roadmap for integrating AI and cinematic pedagogy into SWAYAM must operate across policy, institutional, and design levels. Policymakers should establish national standards for ethical AI use, data governance, and accreditation of AI-enhanced MOOCs. Institutions must

prioritize faculty development, offering training in digital storytelling, cinematography, and AI applications in education.

Collaborations between universities, film schools, AI startups, and edtech firms can pool creative and technical expertise. Regular research and learner feedback should guide iterative improvement and benchmarking against global standards.

Adopting sustainable production models—including reusable digital assets, shared studio infrastructure, and community co-creation—can reduce costs while maintaining quality. Scalable modular course design, integrating animations, dramatizations, and simulations, can ensure adaptability and cost-effectiveness. Through these measures, SWAYAM can evolve as a sustainable, globally competitive ecosystem for hybrid digital learning.

The convergence of AI, cinema, and MOOCs marks a pivotal moment in India's educational evolution. Through AI, SWAYAM can deliver personalized learning; through cinematic storytelling, it can transform passive consumption into empathetic and reflective engagement. Together, they humanize technology-enabled education—reuniting emotion and intellect in digital classrooms.

While challenges of ethics, inclusivity, and sustainability persist, the long-term benefits include higher learner retention, interdisciplinary pedagogy, and enhanced global recognition. The future of SWAYAM lies in reimagining learning as an experience—where adaptive AI meets cinematic creativity to inspire curiosity, critical thought, and lifelong learning.

ईएमआरसी कालीकट: ऑनलाइन पाठ्यक्रमों के डिजाइन, विकास पर दो दिवसीय कार्यशाला आयोजित

शैक्षणिक मल्टीमीडिया अनुसंधान केंद्र (ईएमआरसी), कालीकट विश्वविद्यालय ने श्री नारायण गुरु मुक्त विश्वविद्यालय (एसजीओयू), कोल्लम के सहयोग से शिक्षण संकाय सदस्यों के लिए 'ऑनलाइन पाठ्यक्रमों के डिजाइन एवं विकास' विषय पर 6 एवं 7 नवंबर को दो दिवसीय कार्यशाला एसजीओयू अकादमिक परिसर में आयोजित की। कार्यक्रम का उद्घाटन प्रो. (डॉ.) जगथी राज, वी.पी., कुलपति, श्री नारायण गुरु मुक्त विश्वविद्यालय द्वारा किया गया। कार्यशाला के विभिन्न सत्र कालीकट ईएमआरसी टीम द्वारा संचालित किए गए।

श्री राजन थॉमस (जेआरओ), श्री सजीद नादुथोडी (निर्माता), श्री समजीत एन (अभियंता), श्री सजीतकुमार के.एस. (निर्माण सहायक), श्री बानिश एम. (कैमरामैन) तथा श्री अनीश के.आर. (ग्राफिक आर्टिस्ट) ने कार्यशाला के दौरान विभिन्न सत्रों का संचालन किया। यह आयोजन विश्वविद्यालय के 60 संकाय सदस्यों की सक्रिय भागीदारी के साथ अत्यंत सफल रहा।

Two-day workshop on Design and Development of Online Courses organized by EMRC Calicut

The Educational Multimedia Research Centre, University of Calicut, in collaboration with Sree Narayana Guru Open University (SGOU), Kollam, organised a two-day workshop on 'Design and Development of Online Cours-es' for their teaching faculties on November 6th and 7th at the SGOU Academic Campus. The programme was inaugurated by Prof. (Dr.) Jagathy Raj, VP, Vice-Chancellor, Sreenarayanaguru Open University(SGOU). The Calicut EMMRC team managed the workshop sessions. Shri. Rajan Thomas(JRO), Shri. Sajeed Naduthody (Pro-ducer), Shri. Samjith N (Engineer), Shri. Sajithkumar KS (Prod. Assistant), Shri. Baniesh M(Cameraman) and Shri. Aneesh KR (Graphic Artist) conducted various sessions at the workshop. The event was a huge success with the active participation of 60 faculty members of the university.

Prof. (Dr.) Jagathy Raj, VP, inaugurating the programme
कार्यशाला का उद्घाटन करते प्रो. (डॉ.) जगथी राज, वी.पी.

सीईसी: सेवानिवृत्त सहकर्मियों को भावभीनी विदाई

सीईसी द्वारा 31 अक्तूबर, 2025 को श्री कय्यूम अली, निर्माण सहायक तथा श्री नरेंद्र कुमार, एमटीएस को समर्पित सेवाओं के लिए सेवानिवृत्त के उपलक्ष्य में हार्दिक विदाई दी गई। गुरुकुल स्टूडियो में एक साधारण समारोह का आयोजन किया गया, जहां सीईसी के अधिकारियों, कर्मचारियों ने उनसे जुड़े हुए संस्मरण एवं अनुभव साझा किए। सेवानिवृत्त होने वाले दोनों कर्मचारियों के परिवारजन भी इस अवसर पर उपस्थित रहे। कार्यक्रम का समापन सूक्ष्म जलपान के साथ हुआ। सीईसी दोनों सम्मानित सेवानिवृत्त कर्मियों के सुखी एवं स्वस्थ जीवन की कामना करता है।

CEC Bids Farewell to Valued Colleagues

CEC bid a heartfelt farewell to Mr Kayoum Ali, Production Assistant and Mr Narender Kumar, MTS, on 31 October 2025, honouring 60 years of dedicated service. A small farewell gathering was held at the Gurukul Studio, where CEC staff members shared cherished memories and anecdotes. Family members of the retirees also joined the celebration, which concluded with a high tea. CEC extends its warmest wishes to both valued colleagues for a happy and healthy retirement.

CEC bids farewell to valued colleagues

About the Expert

Prof. Soma Sen Gupta is a Professor in Commerce at Kamala Nehru College with a teaching experience of 28 years. She was the topper in M.Com. from South Campus, University of Delhi, and has earned her PhD from the Department of Commerce, Delhi School of Economics, University of Delhi. She has published two books, twenty-six research papers in reputed journals, including four SCOPUS publications, and thirty-three modules of e-content for EPG-Pathshala and for SWAYAM PRABHA, IIT Madras. She has completed six research projects, which include one UGC Major Research Project, two Delhi University Innovation Projects, and three FRP-IOE of the University of Delhi. She has presented papers in seven International conferences (abroad), five International conferences in India (including two in IIMs), seven National conferences and sixteen Invited lectures. She has been bestowed with the best paper award in two conferences, the distinguished alumni award by ARSD College, University of Delhi, the best poster presentation by the Research Council of the University of Delhi, and a UGC travel grant for an international conference held in Washington, DC, USA. Her areas of interest are Consumer Behaviour, Social Marketing, and Green Marketing.

Overview of the series

Once a firm decides to enter a foreign market, it must decide on a mode of entry. Companies can enter foreign markets through various modes, ranging from low-risk options like exporting to higher-risk, high-control strategies like foreign direct investment (FDI). The choice of entry mode depends on factors like the level of risk involved, resources available, and the desired level of control over operations in the foreign market. The modes of entry may be subdivided into non-equity mode, equity mode or investment-related mode. The non-equity mode includes the trade-related mode and contractual agreements. The trade-related modes were discussed in the first part of the lecture, including exporting and countertrade. Exporting may be in the form of direct exporting or indirect exporting, or through intra-corporate transfers, while countertrade includes barter, counter purchase, offset, and buyback. In the second part, contractual agreements were discussed which are associated with the transfer of ownership or utilisation of a specified property for royalty fees. This includes international leasing, international licensing, international franchising, and turnkey projects. In the third part of the lecture, the equity mode or investment-related modes were discussed, which include joint venture, wholly owned subsidiary, foreign direct investment, and foreign portfolio investment.

Learning Objectives

- To understand the different modes of entry of a firm into international business.
- To identify the opportunities and challenges associated with the non-equity mode and equity mode of entry.
- To evaluate the modes of entry on the basis of the level of risk involved, resources available, and the desired level of control over operations in the foreign market

SUBMARINE OPTICAL FIBRE CABLE (KLI PROJECT)

Scan for documentary

SYNOPSIS - This film is based on providing internet and high speed data facility in the Lakshadweep Islands which presents a wonderful example of development. Earlier Lakshadweep Islands had limited digital connectivity with the world, so the need was felt to connect Lakshadweep Islands to the mainland through a high capacity submarine cable link.

Through a project, work was started to lay 1,868 km of submarine optical fibre cable. This will benefit more than 64,000 residents of Lakshadweep and give the necessary impetus to tourism and industry. The goals of Digital India and National Broadband Mission will be achieved though this project. This will also make the delivery of various government services and schemes in the region easier and will also meet the strategic communication needs of the Indian Armed Forces. Now with the digital revolution, the Lakshadweep Islands will also move forward on the path of development and give concrete shape to the Prime Minister's vision of a developed India.

Kailash Bhutani has been associated with the industry for the past 35 years. He has completed several successful social and commercial media campaigns and projects, including ad films, documentaries, docu-dramas, fiction, corporate films, animation, training films, A/V promos, social media promos, and radio programmes. He has won many national competitions and laurels. In 1998, he was awarded a Certificate of Appreciation by Dr. Wasim Zaman, UNFPA Representative for India, for his contributions to a workshop organized by the United Nations Population Fund.

He is a member of FTPA Delhi, WIFTA Mumbai, and the Press Club of India. He has also served as a jury member for the Woodpecker Film Festival (2013) and the Annual Media Festival Parampara (2014) at Indraprastha College for Women.

CEC's Bouquet of 07 DTH Channels on
SWAYAM Prabha

संस्कार │ Sanskar

Channel No.01 – CEC-UGC - CH 01 & CH 02 are Merged

Channel Scope
Language and Literature; History, Culture & Philosophy

संवाहक │ Samvahak

Channel No.02 – CEC-UGC - CH 04 & CH 05 are Merged

Channel Scope
Education and Home Science; Information, Communication and Management Studies

कौटिल्य │ Kautilya

Channel No.03 – CEC-UGC - 07

Channel Scope
Economics, Commerce and Finance

आर्यभट्ट │ Aryabhatt

Channel No.04 – CEC-UGC - CH 08

Channel Scope
Physical sciences, Mathematics, Physics, Chemistry

स्पंदन | Spandan

Channel No.05 – CEC-UGC - CH 09

Channel Scope
Life Sciences, Botany, Zoology, Bio-Science

दक्ष | Daksh

Channel No.06 – CEC-UGC - CH 40

Channel Scope
Applied Sciences, Allied Physical and Chemical sciences and related subjects

Channel Name - व्यास | Vyas
Channel No.07 - CEC-UGC – 40

Art/Culture/Literature/Language   **Band - I**

English Language, Linguistics, Hindi & other Languages, English Literature, Literature of other Languages, Culture, Architecture, Plastic Arts & Sculpture, Drawing & Decorating Arts, Painting & Fine Arts, Music, Recreational & Performing Arts, Public Performance, Film Appreciation, Dance & Drama, Religion, Customs, Folklore

#Birthdays@DECEMBER2025

DEC 02

SAGITTARIUS

Sagittarians enjoy breaking barriers and paving the path to unchartered territories. Optimists throughout the challenges life throws at them, they have the strength and willpower to accomplish many things with ease.

Prof. J.B. Nadda
Director, CEC

02
Hemlata
Data Entry Operator

05
Prem Chander
Graphic Designer

09
Vivek Kumar
Hindi Typist

CEC wishes you all a very

Happy Birthday
