

Glossary

SCAFFOLDING - a temporary structure on the outside of a building, made of wooden planks and metal poles, used by workmen while building, repairing, or cleaning the building.

FORMWORK - is the term given to either temporary or permanent moulds into which concrete or similar materials are poured? These moulds are made of wooden planks or metal.

SAWS - a hand tool for cutting wood or other hard materials, typically with a long, thin serrated blade and operated using a backwards and forwards movement.

GREEN WOOD - Wood that has not been seasoned and still has high water content.

KILN - a furnace or oven for burning, baking, or drying something, especially one for firing or baking bricks.
