

## **GLOSSARY**

**Provincial Architecture** refers to the architectural style that evolved in the provinces.

**Minar** - tower-like structure associated with Mosques, used for the adhan, the call to prayer.

**Minaret** - A tall slender tower, circular or square in section, built next or in a mosque, from which the Muslims are called to prayer. Mosques may have one, two, three, four, and up to six minarets.
