

## Summary

This session would lend you information on different kind of lifestyle seen in rural parts of India with a specific case of Tamil Nadu. You would learn the key aspects of slum up gradation and slum rehabilitation schemes with an example. It would provide you an in depth analysis of how site and services scheme work with an example of Aranya township in Indore. This example gives you an understanding of totality in design as well as housing as a process incorporating traditionality, social equality in a neighborhood pattern of development.
