**Summary**

The first duty of the students should be, not to treat their period of study as one of the opportunities for indulgence in intellectual luxury, but for preparing themselves for final dedication in the service of those who provided the sinews of the nation with the national goods & services so essential to the society. In the draft First Five year Plan adopted by the Government of India in 1952, the need for social and labour service for students for one year was further stressed. The theme for the year 1995-96 onwards for Special Camping is Youth for Sustainable Development with focus on Watershed Management and Water land Development'.
