**Title : Audio Visual Aids - I**

**F.A.Q.**

Q1. What are uses of Audio- visual Material ?

A1. The use of devices or audio-visual materials will stimulate the greatest number of senses. For this reason, good teachers have always used devices or audio-visual materials.

Q2. What are the needs of Pupil ?

A2. The average and dull pupils need the use of material devices more than the bright pupils. The modern pupil is literally surrounded with endless pro-fusion of aids to his learning, such as workbooks, drill cards, graphs, pictures, maps, slides, film strips, motion pictures, radio and exhibits of all kinds.

Q3. How can we develop the ability to listen ?

A3. Develop the ability to listen: The ability to listen can be developed best through the use of audio-visual materials. It is also the responsibility of the school, to provide training for our pupils to be good listeners.

Q4. Describe the effectiveness of the SMART Board in assessing young children ?

A4. Designed interactive activities that enable children to show their understanding of concepts and recall of experimental procedures without the need for highly developed reading and writing skills.

Q5. What are Digital book reader ?

A5. Digital book readers are all the rage and with them comes the ability to more easily listen to books on the go. Their portable nature lends to getting in a chapter while at the doctor's office or a few pages while waiting for your kids in the carpool lane.
