

Summary

Equipments for physical education and sports are all those essential things, necessary articles, clothings, uniforms, sports goods and machines etc., which help in efficient working of physical education programme. Play grounds, track, gymnasium and swimming pools, etc., are also included in equipment for physical education and sports. This equipment can be procured from three different sources. They are: through direct or indirect Purchase from market, through Directorate Youth Affairs and Sports and various Sports Association/club and through donations or sponsorships. However, management basically deals with all the persons working in the concerned organization who are responsible for managing an organization. Likewise, legal responsibilities are usually well-defined and are often points of emphasis in coaching certification programs. State athletic associations, departments of education and other governmental organizations determine the range of legal responsibilities for a coach. These responsibilities usually are formulated to maintain the safety and well-being of the athletes and to maintain the educational focus of the athletic program.
