Mc Donald Soccer Skill Test

SUMMARY

Donald constructed a Soccer Skill test when he was in Post Graduate study. He selected a most fundamental skill control Kicking Skill of Soccer playing. Test was constructed to measure the Kicking accuracy, Ball control and judgement of moving ball in game. The test was constructed on college man. A Stopwatch, Soccer kicking Board, Three Balls, Measuring Tape and Marking Powder were the main equipment for the test. A specific area was marked for the conduct of test. Out of four trails the best three trails of 30 seconds are the time limit for the final scoring.
