

## **PHYSICAL EDUCATION**

Subject : Physical Education

Semester : 4<sup>th</sup>

Paper No. and Title : (401) Test, Measurement and Evaluation in Physical Education

### **Introduction to Statistics- the Subject**

#### **Summary:**

The definition of Statistics given by R. A. Fisher is considered as the best among the others. According to him, the science of Statistics is essentially a branch of applied mathematics and may be regarded as mathematics applied to observational data. The purpose of statistics is to gather all facts, figures, objective survey etc.
