

OBJECTIVE

1. To understand the meaning of surplus labour and disguised unemployment.
2. To understand the impact of surplus labour in agriculture and in other sectors.
3. To understand the transfer of labour from low productivity occupation to high productivity occupation.
4. To know why and when labour moves from the traditional sector to the modern sector.
5. To understand this phenomenon of labour transfer from the traditional sector to the modern sector according to Arthur Lewis's model.
