

ASSIGNMENT

1. What are the two types of Rancidity?
2. Name the four classes in which saturated fatty acids are further classified?
3. Which are mono-unsaturated fatty acids?
4. What is the general formula of fatty acids?
5. Which is the role of n-6 and n-3 fatty acids in cellular regulation?
6. Name some mono-unsaturated fatty acids?
7. What are the bulk properties of fatty acids?
8. What is the role of fatty acids in personal hygiene?
9. What is the order of rancidity in most of the peracids?
10. What are the main reactions of oxidation in fatty acids?
11. Define Ester exchange reactions in fatty acids?
12. Describe the structure of saturated fatty acids?
13. What is rancidity?

14. Briefly explain the metabolism of fatty acids?

15. Explain the structure of unsaturated fatty acids?
